Thursday, 24 September 2020

Dear Parents,

I am writing to you to provide you with some guidance for a digital platform we have introduced this term. The purpose of this is to provide some home learning and ensure that we can deliver structured lessons in the event of a Covid-19 outbreak.

We will be using a platform called Google Classroom. This is a fully interactive learning space that will help retain continuity in children's education. Each child will be provided, via email, with a username and unique password, which we recommend you save on your device.

From week commencing **5th October**, each class will have a homework task to complete on Google Classroom, in accordance with the new homework timetable attached. This will be uploaded each Monday and should be returned, via Google Classroom, for marking. Any work returned over the weekend will not be attended to until the following week.

Further information will follow which will set out our digital offer should a class be sent home for a period of isolation. In the meantime, please look at the Parent's Guide provided to begin to familiarise yourself with Google Classroom.

If you have any problems, please do not hesitate to contact us via the admin email where we will offer support and advice. There may be the odd teething problem, as it is new to us too, but we will do our very best as we learn together.

Best wishes,

Mrs J Marrow
Acting Headteacher
