Star of the week challenge

Starting from Monday 21st September, we will be introducing a star of the week challenge.

Each class will be looking for their shining star who will on Friday be awarded a star of the week certificate and have their picture displayed in school for the week.

Additionally, we will also be presenting a star of the week to the best class each Friday. At the end of the half-term, the class that has won the award the most will be rewarded with a duvet day, where during the winter months they can come to school in pyjamas and have a relaxing day of fun to pay back their hard work.

In the warmer weather this will change to fun activities outdoor.

If you would like to see which class has won each week and who the weekly stars are, look on our new twitter page

Coronavirus update

Childcare:

You can use registered childcare providers and nannies, however friends/family who do not live with you cannot visit your home to help with childcare unless they are part of your support bubble. Children of parents who are separated are allowed to move between households.

When the term household is used, it is referring only to the people you with and any support bubble in place.

A support bubble is where a household with one adult joins with another household. Households within a bubble can still visit each other, stay overnight, and visit public places together.
