

## **Knowledge Building**

## Techniques

**Techniques** are the procedures and methods by which an artist defines themselves. Most artists will specialise in one technique, and, for some, it is this that makes their work well-known. It is by learning about and exploring these techniques that pupils become aware that art has many styles and forms, and techniques are chosen for specific purposes.

#### **Tools**

It is by using different **tools** that artists can develop their chosen techniques. Painters require brushes and paint, photographers need cameras etc. By knowing about a range of tools used to produce art, pupils will appreciate how artists can perform certain techniques. Some tools are chosen with exacting purposes in mind, but tools can be mixed to create new techniques, styles and forms e.g. sand animation art.

#### People

For tools and techniques to be used, there obviously needs to be **people** using them. These people are known as artists and architects. By being able to recognise the art produced by both **people groups** and **individuals**, pupils can then start to recognise how the cultural, geographical, historical and social backgrounds of these artists influences their work.

## Art and Design Vocabulary

The language of art and design can be broken down into different categories such as: the language of **form and technique**, for example, stippling, etching, painting, drawing, sculpture, photography; the language of **tools**, e.g. brush, camera, chisel, clay, paint, pastels; the language of **style or movements** as in cubism, abstract, expressionism and pop art. Having an expansive art and design vocabulary is important for children so they can talk about their own work, as well as art produced by skilled artists.

#### Architecture

Architecture is an aspect of art that focuses on the design of buildings. It is included in the art curriculum so that children are aware that art and design doesn't just focus on painting or drawing. Architecture reflects a range of styles across different eras and developing knowledge about them will help pupils become aware of how architecture shapes landscapes, making some places easily recognisable, which links directly to human geography.

## **Cultural Understanding**

The production of art dates back as far as when humankind started thinking creatively. It has always been a way of displaying and interpreting the world around us. Artists have come from many different backgrounds and **cultures**. By having an **understanding** of an artist's **culture**, we can then understand what they are trying to show. It is important that pupils recognise that art can be found everywhere and is deeply subjective; what they like to look at may not be the same as their peers. They will know that artists come from across the globe, and many use their environment, culture or religion (or a combination of all three) to influence the art they produce.

## **EXPLORERS**

		Knowledg	je Building

Come Fly With Me! Asia	No Place Like Home				
To use the symbol of the elephant in Indian culture to recognise that art can be found in many places	To know that some art can be useful and be able to say who would use it and how it would be used				
To know that Wassily Kandinsky was a famous artist and be able to recreate work in his style	To understand that art can be used to suit different groups of people				
To know what a Pharoah's mask is and design one of their own inspired by Egyptian art	Key Vocabulary				
Key Vocabulary	wallpaper, design, pattern				
Wassily Kandinsky, concentric circles, abstract, colour, artefact, gold, mask, hieroglyphics					

#### Happy to Be Me

- To know what a self-portrait is and paint their own using a mirror as a guide
- To know that portrait can be made with other materials
- To understand that art can be appreciated with senses other than sight.
- To understand that small details can make a big difference to a picture
- To know that portraits can have more than one person and be able to use a range of media to recreate their own from photographs

### Key Vocabulary

self-portrait, face, features, family portrait, photograph, media

### Under the Sea

- To know that art can be find everywhere and use paint to recreate it
- To know what shades are and be able to recreate some using colour cards
- To know how to use the technique of marbling
- To use imagination to create an unusual sea creature
- To be able to describe patterns they can see and use them as inspiration for their own work
- To know that other parts of the body can be used to make art

#### Key Vocabulary

pattern, stripy, tropical, shades, collage, imagination, creative, paint

## Additional Knowledge

## Help is at Hand

• To use printing to explore patterns in fingerprints and be able to say what they see **Tell Us a Story** 

• To use a range of materials in decoration

### What on Earth...?

- To know that art can be created without specific tools
- To know that colours can be mixed to make others

# **PATHFINDERS**

	Knowledge Building				
Techniques	Tools	People	Art and Design Vocabulary	Architecture	Cultural Understanding
Know which techniques are specific to which art media e.g. colour wash painting	Know which tools are specific to which art media e.g. drawing pencils, pastels, charcoal	Know that different forms of creative works have been made by people from all cultures and times	Understand simple vocabulary related to shape, space, line, tone and colour	Know that buildings are designed by skilled architects	Know that artists from different countries used their art to represent their surroundings e.g. Monet
	Skills Progression				
	Art Skills Pathfinders 1 / Y1			Art Skills Pathfinders 2 / Y2	

Ar2 Painting Explore a variety of tools and techniques including the use of different brush sizes and types

Ar3 Printing Make marks in print with a variety of objects, including natural and made objects

Ar4 Textiles / Collage Investigate using a wide variety of media, including cards, fabric, plastic, tissue, magazines, crepe paper etc.

Ar5 3D-Form Explore sculpture with a range of malleable materials

Ar6 Recognise pattern in the environment

Ar7 Respond to ideas

Ar8 Make changes to their own work

Ar9 Drawing Use a variety of tools, including pencils, crayons, pastels, felt tips, charcoal, ballpoints, chalk and other dry media

Ar10 Painting Use different brush sizes and types

Arl 1 Printing Build a repeating pattern

Ar12 Textiles/Collage Use a variety of techniques e.g. weaving, fabric crayons, sewing

Ar13 3D-Form Manipulate clay in a variety of ways e.g. rolling, kneading and shaping

Ar14 Explore ideas

Ar15 Drawing Experiment with the visual elements of line, shape, pattern and colour

Ar16 Drawing Work out ideas for drawings in a sketch book

Ar17 Painting Experiment with a variety of tools and techniques, including mixing a range of secondary colours, shades and tones

Ar18 Printing Investigate and design patterns of increasing complexity and repetition

Ar19 Textile/Collage Explore texture using a variety of media

Ar20 3D-Form Experiment with, construct and join recycled, natural and man-made materials more confidently

Ar21 Observe and comment on differences in their own and other's work

Ar22 Drawing Draw for a sustained period of time using real objects, including single and grouped objects

Ar23 Observe the work of a range of artists, craft makers and designers, describing the differences and similarities

between different practices and disciplines, and making links to their own work

Ar24 Drawing Layer different media e.g. crayons, pastels, felt tips, charcoal and ballpoint

Ar25 Painting Work on a range of scales e.g. large brush on large paper etc.

Ar26 Printing Use a variety of techniques e.g. fabric printing, rubbings. Design patterns of increasing complexity and repetition

Ar27 Printing Print using a variety of materials, objects and techniques

Ar28 Textile/Collage Use a variety of techniques e.g. tie-dying, wax or oil resist mosaic

Ar29 3D-Form Manipulate clay for a variety of purposes e.g. thumb pots, simple coil pots and models

Pathfinders 1 / Year 1	Pathfinders 2 / Year 2					
Come Fly With Me! Arctic Circle  Pupils will be introduced to the technique of collage. They will explore a range of materials and fabrics,	Zero to Hero  In this unit, pupils will be introduced to the work of artist, Christy Brown, who was paralysed due to					
deciding on their suitability linked to purpose. They will also be introduced, in simple terms, to the fact that art is subjective, and it can have deep cultural links. They will use stones and pebbles to recreate an	cerebral palsy and used his left foot to paint. Pupils will see that they do not always have to use their hands to create works of art and the importance of creative thinking when overcoming challenges. Pupils					
Inukshuk and use their collage background to display it.  3D Form / Collage	will use tools in ways that can seem challenging to explore a different way of painting.  Painting					
Skills Development	Concepts					
To be able to explore a range of materials in order to add texture to a collage	NC - To know about the work of a range of artists, craft makers and designers, describing the					
Concepts	differences and similarities between different practices and disciplines, and making links to their					
NC - To use a range of materials creatively to design and make products	own work					
NC - To use drawing, painting and sculpture to develop and share their ideas, experiences and	To know that Christy Brown was a famous artist who could only use his left foot to draw and paint with					
imagination	To develop empathy, by understanding some of the challenges that Christy Brown must have faced					
To be able to explore a range of materials in order to add texture to a collage						
To know that Inukshuks are 3D stone figures						
To understand that Inukshuks were traditionally used by the Inuits as directional markers						

To know that Inukshuks have been transformed into symbols of hope and friendship, used by people all over the world

**Happily Ever After** 

Pupils will be shown how to use clay to produce a useful object. They will use the techniques of rolling, moulding and smoothing to create a lidded clay pot and be encouraged to use this specific vocabulary.

#### **Skills Development**

To know how to make a clay thumb pot with a lid

#### Concepts

- NC To use drawing, painting and sculpture to develop and share their ideas, experiences and imagination
- NC To use a range of materials creatively to design and make products
- To know how to make a clay thumb pot with a lid
- To know the importance of including specific features in a model or artefact, linked to a fairy tale character

### Inter-Nation Media Station

Pupils will find out about the photographic work of Theresa Elvin. In this, they will see that art can be produced in many different ways, including photography, and how photos can be edited. Vocabulary, such as 'monochrome', 'black and white' and 'colour pop' will be introduced. Pupils will use simple editing

software to add splashes of colour to black and white photographs they have taken themselves.

# Photography / Drawing / Painting

#### Concepts

- NC To develop a wide range of art and design techniques in using colour, pattern, texture, line, shape, form and space
- To recognise and understand the difference between colour and black and white images
- To know that splashes of colour on a monochrome background are called 'colour pops'

#### **Knowledge Progression** Pathfinders 1 / Year 1 Pathfinders 2 / Year 2 Unity in the Community Land Ahov! In this unit, pupils will look at the work of César Manrique and understand how he used his island home of Pupils will be introduced to the terms 'primary' and 'secondary' when mixing colours. They will begin to understand Lanzarote to inspire his artwork. Pupils will learn that art can be found anywhere, not just in a gallery, and that the choice of brush is important when painting and know how to hold a brush correctly to ensure full control. Manrique's wind toys dotted around the island are a form of moving sculpture. Pupils will explore alternatives Pupils will also develop the technique of colour mixing by adding white to colours to produce tints. They will be for making their own sculptures, for example plastic bottles and paper plates, and link some design technology skills by introduced to French artist, Claude Monet, and they will focus on his seascapes, producing their own pictures using colour evaluating their work once complete. mixina techniques. 3D Form Paintina Concepts Skills Development NC - To use a range of materials creatively to design and make products To develop colour mixing skills through mixing primary colours NC - To know about the work of a range of artists, craft makers and designers, describing the To develop colour mixing by adding white differences and similarities between different practices and disciplines and making links to them NC - To know about the work of a range of artists, craft makers and designers, describing the To know about the influence that César Manrique had on the Lanzarote island community differences and similarities between different practices and disciplines, and making links to their To know that César Manrique's wind toys are examples of moving sculptures NC - To use drawing, painting and sculpture to develop and share their ideas, experiences and imagination To develop colour mixing skills through mixing primary colours To learn about various techniques used for creating an image / canvas using different media To learn about the French artist, Claude Monet, and some of his paintings Going Wild Light Up the World Pupils will revisit the concept of pattern and printing in this unit. They will be introduced to new vocabulary with The focus in this unit is the concept of working with a range of drawing mediums. Pupils will be familiar with terms such as 'ink', 'roller' and 'printing plate'. Pupils will explore the techniques and tools associated with simple pencils, pens and possibly chalks, but may not have come across charcoal or pastels. They will revisit observing printing to produce repeating patterns. They will also investigate where these techniques are used elsewhere, such light and dark shades within one core colour and work on recreating their own light and dark drawings using a wide range of tools. They will be introduced to the technique of cross-hatching to produce a range of shading. as in wallpaper and wrapping paper. Printing Drawing **Skills Development Skills Development** To make a printing plate and print a repeating pattern To know how to create light and dark effects by exploring the use of different drawing implements NC - To develop a wide range of art and design techniques in using colour, pattern, texture, line, NC - To develop a wide range of art and design techniques in using colour, pattern, texture, line,

sha	pe. f	form	and	space	

- To know how to create light and dark effects by exploring the use of different drawing implements
- To learn about colour sequences and be able to order colours, from lightest to the darkest
- To understand that depending on how much pressure is applied, different media e.g. coloured pencils, can produce different tones and shades

Knowledge Progression				
Adventurers 1 / Year 3	Adventurers 2 / Year 4			
As pupils should now be able to correctly hold and control a paintbrush, they will be introduced to a wider range of brushes and explore using them in different tasks. Pupils will develop their painting technique by using the brushes to produce different effects, including those of stippling and pointillism.  Pupils will also be introduced to Jack Kirby, a famous comic artist. They should recognise some of his work and use him as an inspiration to produce their own.  Painting  Skills Development  To learn about different brushes, brush strokes and how to choose appropriate brushes for different tasks  Concepts  NC - To create sketch books to record their observations and use them to review and revisit ideas  NC - To improve their mastery of art and design techniques, including drawing, painting and sculpture with a range of materials  NC - To know about great artists, architects and designers  To learn about different brushes, brush strokes and how to choose appropriate brushes for different tasks	A World of Difference  In this unit, the pupils will see clearly that art can have deep cultural and religious connections. The cyclical design and pattern of mandalas encourage meditation and focus in the Buddhist faith. Pupils also explore the importance of geometric pattern in Islamic art, using a range of tools to create colour and vibrancy.  Drawing / Painting  Concepts  NC - To create sketch books to record their observations and use them to review and revisit ideas  NC - To improve their mastery of art and design techniques, including drawing, painting and sculpture with a range of materials  To know that the mandala is a symbolic representation of the universe in Tibetan Buddhism  To understand that the mandala is derived from the world 'circle'  To learn that Mandalas are used as spiritual teaching tool that helps strengthen meditation and increase focus  To understand some of the features from Islamic art			

- To learn that Jack Kirby was the creator of Captain America and many more Marvel characters
- To know that various methods can be used to create comic art

#### Come Fly With Me! Africa

Pupils will develop their sculpting skills through the use of another medium, papier maché. Taking inspiration from Julie Taymor's 'Lion King' masks, pupils will follow instructions to produce their own.

3D Form

#### Concepts

- NC To improve their mastery of art and design techniques, including drawing, painting and sculpture with a range of materials
- To learn how to make an animal mask
- To know that Julie Taymor is famous for making all the 'Lion King' show masks / puppets

# Cry Freedom

Pupils will learn about graffiti and how it is viewed in society. Looking specifically at the use of this art medium in political activism, they are introduced to Banksy, a renowned graffiti artist.

They will use their sketchbooks to create images that portray slave labour which they then add a slogan to.

They then create stencils which they experiment with spray or stipple painting.

### Mixed Media

#### Concepts

- NC To improve their mastery of art and design techniques, including drawing, painting and sculpture with a range of materials
- To learn about the role of graffiti as an artform and a political tool in society (as well as a discouraged form of vandalism)
- To learn about Banksy and how he uses graffiti to speak out on issues such as greed, poverty and slave labour

Knowledge Progression				
Adventurers 1 / Year 3	Adventurers 2 / Year 4			
Athens v Sparta  In this unit, pupils will refine their clay moulding technique with the introduction of 'slip'. Slip will be used to join coils of clay together, in order for the pupils to make simple clay pots with lids. Pupils will also find out about the cultural importance of Greek pottery in conveying stories and messages and use original designs to inspire their own.  3D Form  Skills Development  To know how to make a coil pot  Concepts  NC - To improve their mastery of art and design techniques, including drawing, painting and sculpture with a range of materials  To know how to make a coil pot  To identify different variations of pottery design from the past to modern times	Pupils will know that lines are a key aspect of drawing and, in this unit, further explore how using a variety of line drawing techniques can be effective and eye-catching. Pupils will be encouraged to talk in more depth and with wider artistic vocabulary about their own art and that of others. Pupils will use line to draw buildings, noting some architectural features before deepening their understanding of effective drawing techniques through the 'rule of thirds' in drawing landscapes.  Drawing  Skills Development  To know that line can be used effectively as a visual element in drawing  Concepts  NC - To create sketch books to record their observations and use them to review and revisit ideas  NC - To improve their mastery of art and design techniques, including drawing, painting and sculpture with a range of materials  To know that line can be used effectively as a visual element in drawing  To know the rule of thirds is a set of guidelines used to composing artwork for 2D mediums, such as photography, drawing and painting  To know that artists use the rule of thirds when creating landscapes, but that it can also be used for subject matter, still life, figures and portraits			
Picture Our Planet  Pupils will be introduced to the work of Romero Britto, a Brazilian artist who is well-known for his bright and vibrant collage-like artwork. Pupils will use his work to inspire their own colourful textile collage piece. Pupils will need to identify fabrics that would be the most suitable for their design by discussing their features. They will be introduced to the technique of layering to produce interesting art pieces.  Textiles / Collage  Skills Development  To know how to cut, layer and join materials  Concepts  NC - To know about great artists, architects and designers	Under the Canopy  Pupils will use drawing techniques developed over the course of this phase and earlier to create observational drawings using pastels as their tool. Pupils will notice that pastels can be hard to work with so will need to adapt their technique as appropriate.  As well as drawing, pupils will explore the art of tattooing as an artform, recognising that it has a long cultural history in central America and is used as a sign of courage.  Drawing / Painting  Concepts  NC - To create sketch books to record their observations and use them to review and revisit ideas  NC - To improve their mastery of art and design techniques, including drawing, painting and sculpture with a range of materials			

- To know how to make close observational drawings
- To know how to use oil pastels in drawing
- To know that body art, in the form of tattooing, was being used in the 16th century in Mexico and Central America
- To identify different methods of body and face painting

pieces.	Concepts			
Painting	NC - To know about great artists, architects and designers			
Skills Development	NC - To improve their mastery of art and design techniques, including drawing, painting and sculpture			
To learn about different types of paint and explore their capabilities on a range of surfaces	with a range of materials			
Concepts	To know that Pietro D'Angelo is an artist that creates paper clip sculptures			
NC - To know about great artists, architects and designers	To understand the properties and capabilities of wire e.g. mesh, paper clips, garden wire			
To learn about different types of paint and explore their capabilities on a range of surfaces				
To know that Jackson Pollock is famous for abstract art				
To understand that his paintings are not meant to represent specific objects / people				
To identify their own feelings and emotions when looking at his paintings				
A World of Bright Ideas	Mission Control			
Pupils should now be fairly confident with the technique of printing using rollers and their own print plates.	In this unit, pupils will extend their knowledge of the planets, Sun and Moon through their art. Pupils will be			
In this unit, pupils will develop their technique further by exploring using two colours and stencils to make a	familiar with mixing primary colours to make secondary and adding white or black to create shades. They			
more complex design.	will improve their technique of colour mixing by now working with complementary and contrasting colours,			
As well as improving printing techniques, pupils will look at branding and how brand logos can be considered a form	as well as hue and tones. They will apply these techniques to produce paintings of the planets, Sun and Moon,			
of art that plays a role in our culture.	observing carefully the colours seen on each. In addition to colour mixing, pupils will embed their understanding of			
Printing	creating texture by adding materials to their paints.			
Skills Development	Painting			
To know how to create a two-colour relief print with a stencil	Concepts			
Concepts	NC - To improve their mastery of art and design techniques, including drawing, painting and sculpture			
NC - To create sketch books to record their observations and use them to review and revisit ideas	with a range of materials			

- C To improve their mastery of art and design techniques, including drawing, painting and sculpture with a range of materials
- To know how to create a two-colour relief print with a stencil
- To know why logos are important in branding
- To know the features of a strong brand image

- To learn about primary and secondary colours and what they can be used for e.g. warm colours complementary colours
- To learn about colour wheels, including tints, tones, shades and hues
- To understand when you apply paint and materials (e.g. sand, sugar grit) to different types of paper, it will
  create different textures

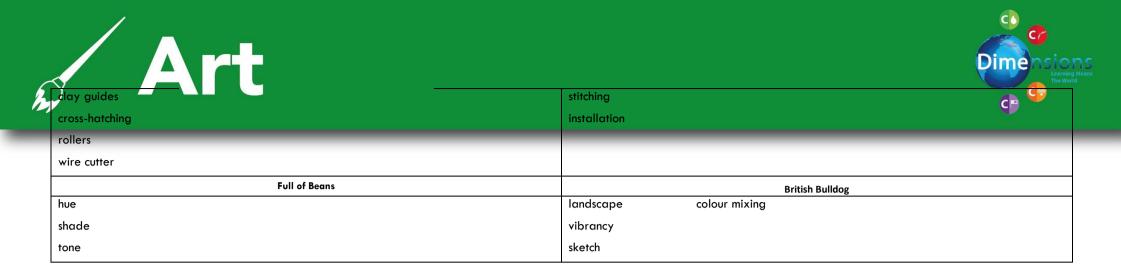

Knowledge Progression			
Navigators 1 / Year 5	Navigators 2 / Year 6		
You're Not Invited  Pupils will secure their skills in working with clay in this unit. In Adventurers, pupils used to slip to join two or more pieces of clay together. Now, they will use cross-hatching to ensure more secure joins and use clay guides to ensure that a piece of clay is flat and level. Pupils will then study some of the designs on Roman mosaics to inspire their own decoration noting some of the significant features of Roman design.  3D Form  Concepts  NC - To improve their mastery of art and design techniques, including drawing, painting and sculpture with a range of materials  To know how to make a slab pot  To know that Roman mosaics were common forms of decoration during the reign of the Roman Empire  To learn about the significance of Roman mosaic art and their designs	Wars of the World  In Adventurers, pupils explored techniques of joining fabrics together to create textile collages. Now in Navigators, pupils will develop their technique further by using needle and thread to stitch fabric together. Not only is this an art technique, but a useful life skill. Pupils will use stitching techniques to produce a poppy collage, whilst learning about the cultural significance of the poppy after World War I and into present day.  Collage  Skills Development  To know about exploring fabrics by stitching  Concepts  NC - To improve their mastery of art and design techniques, including drawing, painting and sculpture with a range of materials  To know about exploring fabrics by stitching  To learn about the significance of the poppy during World War I as a representation of sacrifice made by the		
Full of Beans  Pupils will have had the opportunity to draw with various tools and refine their technique in Adventurers. They will now explore reasons why people draw and be introduced to the vocabulary of 'observation', 'experience' and 'imagination'. They will use viewfinders as a tool to aid observational drawing and be encouraged to use the range of techniques they have learnt in the past.  Pupils will also explore how a picture can be created with only one colour by mixing a variety of shades to create areas of light and dark.  Drawing  Skills Development  To explore different drawing stimuli  Concepts  NC - To create sketch books to record their observations and use them to review and revisit ideas  NC - To improve their mastery of art and design techniques, including drawing, painting and sculpture with a range of materials  To know that different drawing implements to create light and dark effects  To investigate the colour green and understand links e.g. green can symbolise love, associated with Venus  To know how to create different shades and tones of green	To learn about the 5000 poppies project, which involved hand-knitted poppies that were donated from around the world and displayed at Federation Square, Melbourne to represent the fallen soldiers      British Bulldog Choosing one of five stimuli images provided, pupils will sketch shapes and add colour to create a Moroccan painting similar to the style of Winston Churchill.  Painting Concept  To know that as well as a politician, Winston Churchill was an accomplished painter

# **End Goals**

# **Explorers / EYFS**

Our aim in teaching art in Explorers is to give pupils a grounding in some basic techniques and use of tools, whilst encouraging them to be as imaginative and creative as possible. Pupils should know what a paint brush, easel and palette are by the end of this phase and some pupils may be starting to use these tools with increasing dexterity. Pupils should be able to name some primary and secondary colours and select the most suitable ones for their artwork. Pupils should be able to spot patterns and incorporate some they have seen within their own work. It is important that pupils have been made aware that art can be found in various forms everywhere. Pupils should be able to talk about what they see in simple terms and express whether they like or dislike artwork, knowing that there is no right or wrong answer and that we can all have different preferences. Explorers, like the following phases, will have been introduced to well-known artists, have had the opportunity to study their work and use this as inspiration for their own.

## Pathfinders / KS1

Our aim in teaching art in Pathfinders is to encourage the pupils to become more aware of the techniques and tools they are using and recognise that art can be created in many different ways and from a range of materials. In this phase, pupils will have embedded their skills in how to use certain tools, such as holding a paintbrush correctly and picking appropriate colours. They should have developed their drawing skills further by working with lighter and darker shades, producing them, either through increased pressure when using a pencil, or by mixing colours together. They will have also begun to cultivate their techniques in using clay for sculpting, and using tools such as rollers, ink and printing plates in printing. Vocabulary such as 'primary' and 'secondary' colours, 'tints' and 'shade' should be understood by pupils. In Pathfinders, pupils should know that some artists create art with things other than their hands, such as the work of Christy Brown, and that disability does not prevent people from becoming artists. They should also know that artists can use their environment to inspire their work, for example César Manrique uses the windy landscape of Lanzarote and Monet was inspired by the sea. Through Manrique's art, pupils should have more awareness that art can be made from lots of different things, not just paper, pencils and paint.

Adventurers / LKS2

Our aim in teaching aft in Adventurers is to deepen their awareness of art as an identifying feature of different cultures and religions, as well as building on techniques and use of tools from Pathfinders. In this phase, pupils should be able to choose from a range of paintbrushes and understand how varying brush sizes can make an impact on what a painting looks like. They should also be able to vary the lines they use when drawing buildings, portraits and landscapes to give their work greater impact. As well as using lines more effectively, pupils should have been introduced to the concept that artists, specifically painters and illustrators, can follow rules to guide their work, for example, the 'rule of thirds' for landscapes. The techniques used in sculpting with clay will have been improved by using 'slip' to make sculptures stronger and using papier mache as another tool for sculpting 3D forms.

In this phase, art as an identifying feature of culture and religion appear regularly. Pupils will be aware of the use of mandalas in Buddhism and geometric patterns that appear in Islamic art. In contrast, they should understand the

significance of tattooing as an art form in Central America and Mexico during the Mayan period and how the comic book artwork of Jack Kirby and his Marvel characters has had a cultural impact. In Lightning Speed, pupils will have looked at the work of Gutenberg and how printing is not only an artform but has many practical uses.

## Navigators / UKS2

Our aim in teaching art in Navigators is to challenge pupils in their selection of tools and techniques so that their own works makes more of an impact, and in their understanding of how art can reflect culture and historical events. Throughout this phase, pupils should be able to draw upon the skills and techniques they have used to produce work that is effective and personalised. Pupils will expand their knowledge of colour through, not only mixing, but manipulating contrasting and complementary colours within their work. They will have created sculptures using more complex techniques with clay, such as slab work, and will have needed to delve deeper into their imaginations to create sculptures using small, everyday materials i.e. paper clips.

Pupils should be able to evaluate and critique art, not only produced by professional artists, but by themselves and their peers, giving intelligent and supportive feedback using a wide range of art and design vocabulary. Pupils should recognise when research is required when creating art of a certain style and be aware of the reasons why art is important, making links with historical and cultural events. By the end of this phase, pupils should be able to produce art using a wide range of techniques, select tools for specific purposes and have a developed sense of imagination, whilst being able to link work to a range of historical, social and cultural contexts.
