

# English

## Broadbottom CE (VC) Primary School

## Aims

**At Broadbottom we aim to:**

**Put reading at the very heart of teaching.**

**Promote a love of reading, where pupils are passionate about books and authors.**

**Provide pupils with a secure grasp of phonics, to build confidence and fluency in early reading and writing.**

**Ensure all pupils have access to high quality texts, throughout all subjects.**

**Develop skills in Grammar, Punctuation and Spelling to enable pupils to create their own texts.**

**Provide drama and role-play opportunities which allow the pupils to explore their own feelings**

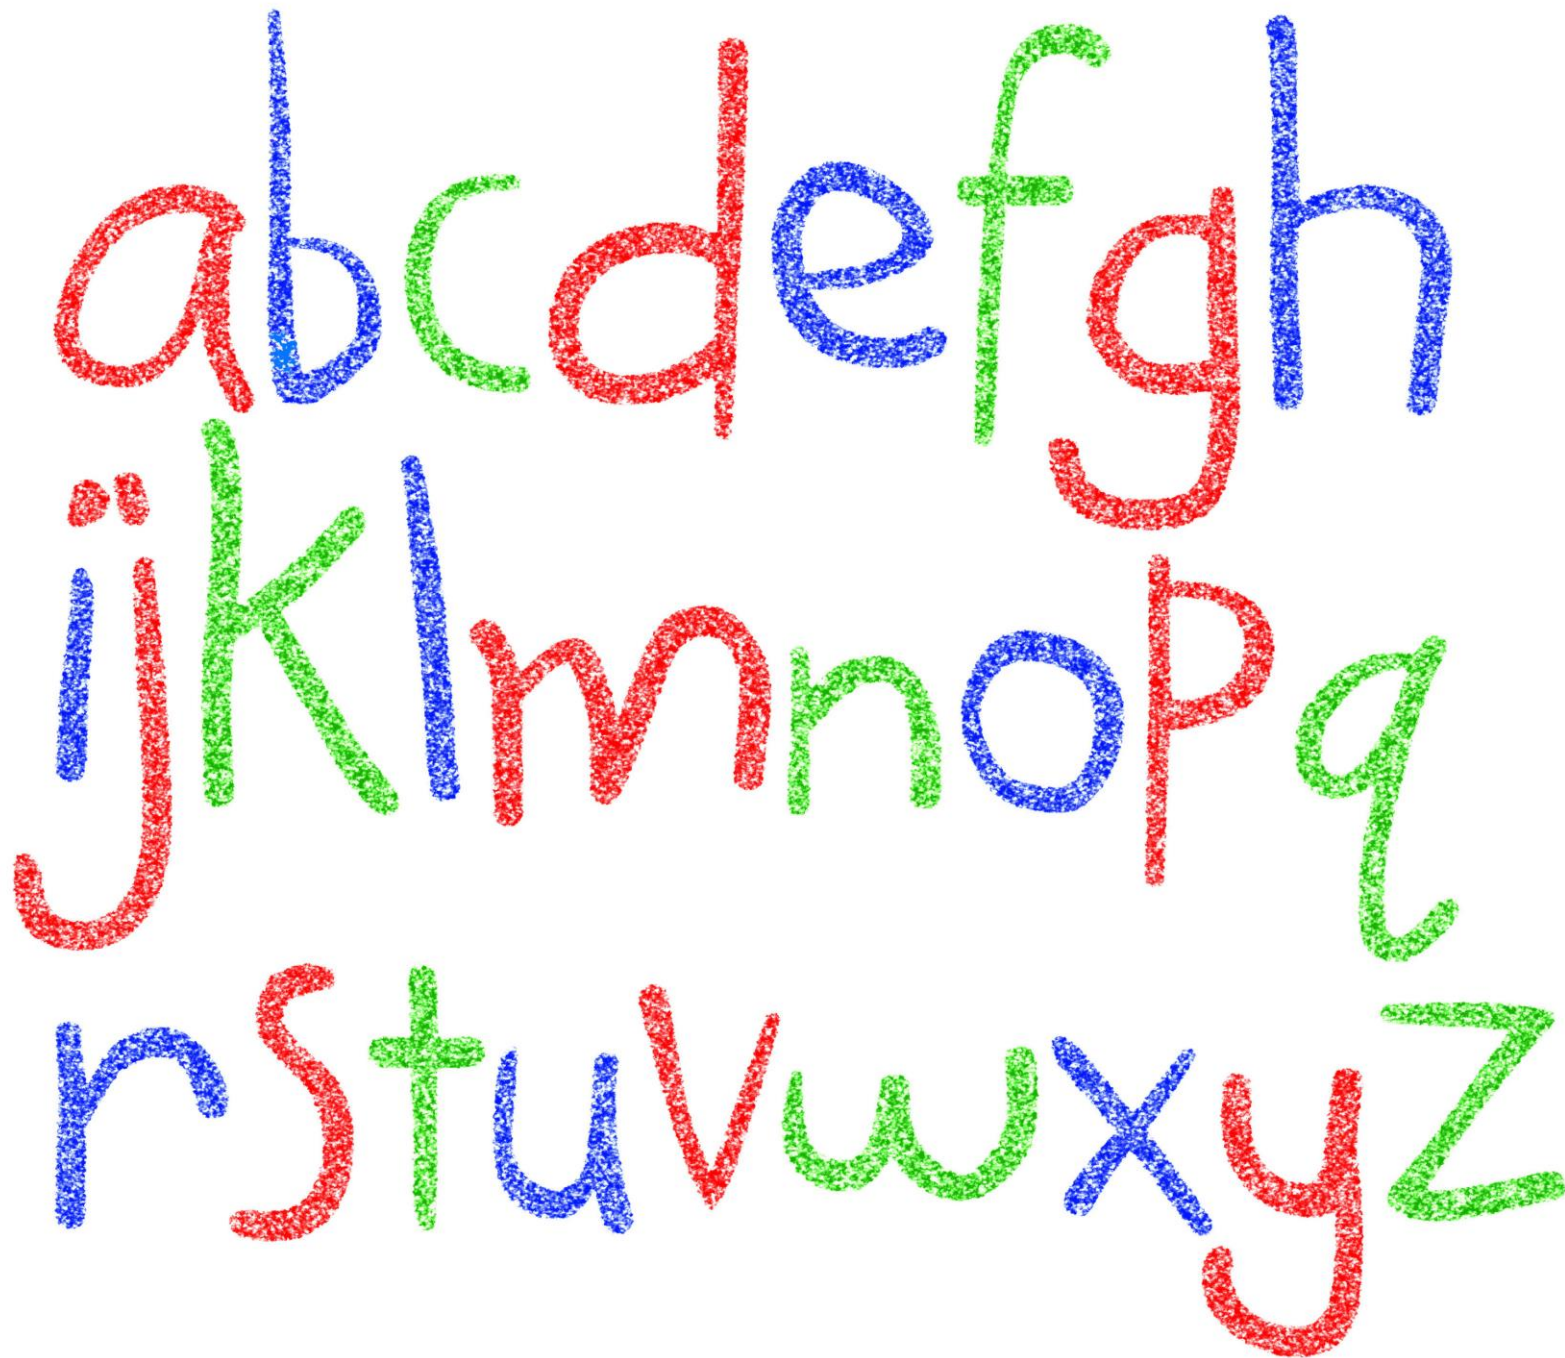

**Develop speaking and listening skills and learn about the world around them.**

Reading is  
essential. Once  
you can read, the  
world opens up to  
you.

**Phonics are the building blocks of reading and writing. Through regular, structured sessions, pupils become independent readers and writers quickly.**

**Building knowledge in  
the grammatical  
structure of language  
enables pupils to create  
their own texts.**

**Using high quality texts throughout the curriculum, provides pupils with models of good writing.**
